

Whitby School has engaged Greenwich Education and Prep to offer Whitby and area students a range of academic services to help students attain their academic goals. These services, which will be provided on the Whitby campus, include private tutoring, standardized test preparation, school admissions counseling and a host of specialized educational services.

Whitby School will offer these supplemental services to its students, plus Greenwich Education and Prep will utilize the modern Whitby facilities to provide its services to non-Whitby students from PreK through grade 12. Doug Fainelli, Whitby's Head of School, commented, "Whitby has always provided students personalized, tailored attention, so we are thrilled to also offer the recognized high quality services of Greenwich Education and Prep." Vicky Newman, Executive Director of Greenwich Education and Prep, is also enthusiastic about the partnership: "Greenwich Education and Prep is proud to partner with Whitby School and we look forward to helping more children develop a love of learning and achieve their educational goals.

Whitby families receive a 5% discount for services rendered on campus. To learn more, contact Maha Shannon, Whitby School Head of Special Assistance in Learning at [mshannon@whitbyschool.org](mailto:mshannon@whitbyschool.org). Non-Whitby families should contact Vicky Newman at Greenwich Education and Prep at 203-661-1609.

**About Greenwich Education and Prep:** *Greenwich Education and Prep is a comprehensive, collaborative educational organization that provides individualized programs for students of all ages. With centers in Greenwich and New Canaan, as well as in-home services, Greenwich Education and Prep works with hundreds of students in Fairfield and Westchester counties. At Greenwich Education and Prep, we know that strong academic preparation paired with a love of learning ensures children's educational success. Our wide range of student services includes academic tutoring, individualized test prep, study and organizational skills, speech and language therapy, ABA, behavioral intervention, social skills, and specialized instruction such as ADHD coaching and multisensory reading programs. We also offer educational consulting for day schools, boarding schools, and college placement, as well as guidance and advocacy for families in both public and private schools. For more information, visit [www.greenwichedprep.com](http://www.greenwichedprep.com), or call 203-661-1609.*
